NEW EVIDENCE IS LOCATED AT THE BOTTOM OF THE DOCUMENT

READ: this document includes mentions of: Sexual assault, racism, violence, grooming, loli/shota, cheating, threats, and more.

Gerbert has not debunked a single thing.

This document has been created to compile and centralize a series of serious allegations made by multiple individuals against Hunter Montez, who is also known online as "gerbettheegg." For over a year, claims of misconduct, including sexual assault, have been shared across various social media platforms. This text serves to organize the information provided by those who have

come forward, presenting their accounts and the context surrounding them.

The allegations suggest a pattern of behavior involving the use of multiple aliases—including "Gerbert," "Munchie," "OddBall," "TerryTickles," "sad.beetz" "steakz" and "eatyourgutzz"—which has made it difficult to track his online activities. The information here has been gathered from public sources and through direct interviews with the individuals involved, who have consented to share their stories

Miscellaneous

Gerbert admitting oddball accounts are his

Meaning he is Oddball.

This gives credence to the claims 'odd' on discord is Hunter Montez.

<u>THAT DOES NOT MEAN ALL EVIDENCE IN THIS DOCUMENT IS FAKE AND FALSE, IT IS JUST SO WE DONT GET IN TROUBLE WITH THE LAW.</u>

SECTION 1 : Video Allegation

VIDEO EVIDENCE ALLEGATION :
3 April Gerbert blocking (CONFIRMED)
A video recording allegedly shows Gerbert blocked an individual on social media after they commented on one of his posts with the name "Munchie," which is reported to be one of his former nicknames.

SECTION 2: The Lies
In a recent TikTok video responding to the allegations, Hunter has reportedly admitted to being Hunter Montez, stating that he had lied about his name and high school to protect himself from what he describes as bullying and false accusations.

One person has stated that Hunter initially denied being Hunter, claiming they merely "happened to look alike" and that he would confront the individual for causing trouble. We believe that he fakes sincerity to gain trust from another person. This same person says that Gerbert lied on two other occasions, once by denying ownership of a Discord account, for which screen-recorded evidence was provided, and again by denying that he was the one who messaged a 22-year-old cosplayer.

SECTION 3: Angel Incident
OCTOBER 2021:

The allegations from an individual identified as “Angel” reportedly date back to October 2021, during her freshman year. Angel asserts that Hunter Montez fetishized her based on her goth style from the outset and made her uncomfortable through behavior she describes as “weird” and excessively “touchy.”

According to Angel, the two had agreed to engage in an intimate act in a Walmart bathroom; however, she subsequently changed her mind and expressed unease. She claims that Hunter did not respect her decision and continued to pressure her despite her discomfort. Ultimately, Angel reportedly removed herself from the situation, but Hunter allegedly threatened to disclose the encounter to her friends. Following reports that other individuals had also experienced harassment by Hunter, Angel chose to sever her friendship with him entirely.

Down below includes screenshots of purported Discord conversations between Angel and Hunter, as well as Instagram posts detailing her experience, including an image intended to confirm Hunter’s identity.

it's a story sadly, everything happened irl too, so in freshman year hunter and i became friends and he was extremely weird and touchy with me from the git go he became friends w me cuz he liked how i was "goth" and always sexualized me, it got to a point where me n him decided to do some things so i agreed because i thought i liked it, we went to walmart and stuff happened and it got to a point where i was uncomfortable and he kept trying to get me to stay and i eventually left but after that he would like basically threaten me saying he'd tell my friends and stuff and kept trying to do things to me after he did those things in the bathroom until i exposed him for choking a girl in a fight i got into with

❤️

plus the fact that when i went and shared what happened all they did was take my report thru a call

You

oh interesting, yea herbert didn't fight anyone when i did but he choked the fuck out of the girl and was lying ppl that he didn't, also yeah maybe if i find anything relevant id be down to let yall add me in, its gonna probs be after i find anything tho if i can

❤️

i'll keep u updated

my friend myla was always around us and she'd see hunter touch up on me, one time her me and hunter went to ross and like me n her were joking ab this one lingerie thing and then hunter started to chime in and said how bad he wanted to see me wear it and how good id look in it, myla also saw hunter forcefully grab me and kiss me

❤️

also my other friend ruby was there for a lot of it too, i used to chill at dutch bros and hunter would sit next to my and grab and rub on my thighs and also try to lay on them, ruby would bring it up a lot to me and i'd just brush it off

❤️

Section 4: Cam Incident

MARCH 2022

Another incident reportedly occurred in March 2022 involving an individual identified as “Cam,” who at the time identified as a transgender male and now identifies as female. According to Cam, Hunter Montez allegedly engaged in a romantic and sexual relationship with her while simultaneously being involved with his girlfriend, with the primary motivation described as sexual. Cam asserts that Hunter employed manipulative behaviors, including “love-bombing,” to draw her into a secret relationship.

The situation reportedly escalated when Hunter allegedly threatened Cam and brought materials with the purported intent to cause her harm, following his decision to end the relationship. Cam contends that, in response to the perceived threat, she physically attacked Hunter in self-defense, resulting in the breaking of his glasses. Hunter, on the other hand, maintains that he was merely attempting to end the relationship when Cam assaulted him.

Both parties appear to agree that Hunter’s glasses were broken and that a no-contact order was subsequently issued, with Cam’s family covering the cost of the damages. Hunter has reportedly denied sending certain messages related to the incident, although some observers have questioned the veracity of his claims. Additionally, it has been noted that Hunter previously used the Instagram handle “Oddball,” a detail reportedly confirmed by individuals from his school.

Hunter cheated on his girlfriend with me originally just for sex but he ended up lovebombing me and manipulating me and got me to get extremely emotionally attached and then tried to drop me and I got upset like "why did you say all these things then?" And he was all like "I was telling the truth I like you" and then got me to get into a secret relationship told Me not to tell anyone I was meeting up with him today because he had a suprise for me and I met him at duch bros and said that he didn't want to keep doing this again and again I'm like "then why do you keep playing with my heart strings???"" And he was like "I was planning on just killing you." He had brought a knife, lighter, and socks to use as gloves and told me not to tell anyone I was going with him so that Noone could say he was a suspect

He said he couldn't go through with it

And it hurts because

He made me fall for him

I knew he was bad

But he kissed me

All the school is doing about it

Is giving us q no contact contract

We talked to the ccad police

And they said since I was the one to advanced it to physical battery

And broke his glasses

Even if he said he was planning on it

I was in the wrong

Because he said he couldn't go through with it

And his family wants us to pay 500 dollars to replace his glasses

I'm so upset

He was going to kill me

And again all he gets

Is a slap on his fucking wrist

What if he hurts me at school?

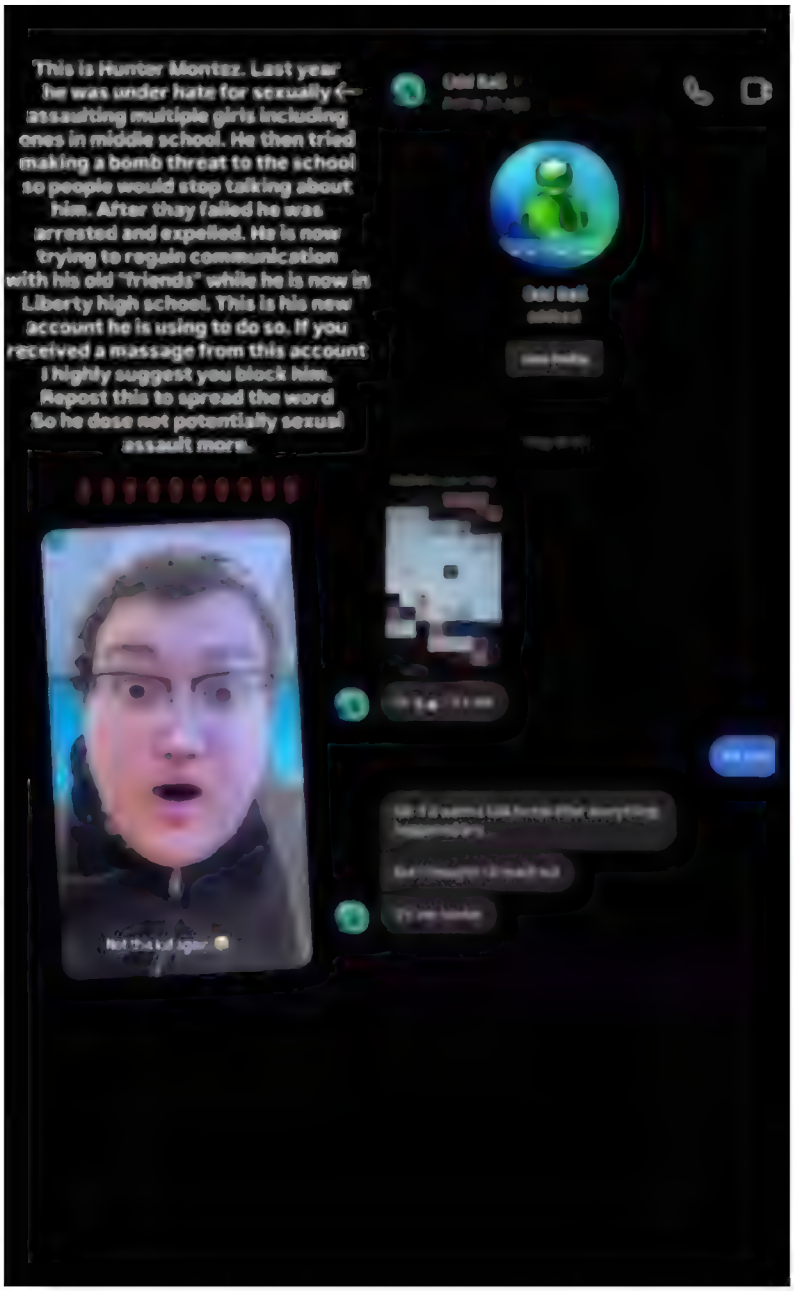
OK ANYWAYS



This is Hunter Montez. Last year he was under hate for sexually assaulting multiple girls including ones in middle school. He then tried making a bomb threat to the school so people would stop talking about him. After thay failed he was arrested and expelled. He is now trying to regain communication with his old "friends" while he is now in Liberty high school. This is his new account he is using to do so. If you received a massage from this account I highly suggest you block him. Repost this to spread the word So he dose not potentially sexual assault more.

He also admits on call that he is indeed Oddball. The recording below is Gerbert talking about him messaging his friends with the oddball account https://www.tiktok.com/@veganl0gic/video/7541503650078739742?_t=ZP-8z9RGsjp0TW&_r=1 (same video as the one at the start of the document)

Section 5: Anonymous Incident*

The following information is based on recorded conversations and screenshots involving an associate (a close friend of ours) and an individual who was acquainted with Hunter during his 10th-grade year in late 2022.

The individual alleges that Hunter engaged in inappropriate behavior, including repeatedly smacking their buttocks despite being told to stop. When confronted about their discomfort, Hunter reportedly responded with, "I know you like it."

Additionally, it is claimed that Hunter frequently solicited explicit photographs from peers, including a 12-year-old girl he met on Discord. Unfortunately, we have been unable to verify this aspect further, as the individual in question was not from Nevada and contact has since been lost.

Further reports indicate that Hunter had a history of making threats, which lends some credibility to Cam's account. One female peer also stated that after rejecting Hunter's advances, he became hostile and proceeded to insult her.

Section 6: Wizz Incident

LATE 2022

In late 2022 Hunter Montez was allegedly on the dating app called wizz, Hunter Montez was on the app communicating to a 13 year old individual and eventually invited her to his house. Allegedly Hunter

Montez repeatedly begged to suck her breasts and the victim continued to say no, that's when Hunter Montez had bitten her breast without consent. After she left Hunter Montez was then grounded for a week and once he had gotten his phone back he was met with the texts from the victim. She expressed discomfort, irritation and overall was angry at what he did to her. Hunter Montez then apologized for what he did and the victim said it was not okay.

Hunter Montez claims he had no idea she was a year younger than him and also claims nothing happened at his house. But why would he apologize for doing that when he allegedly didn't do anything to her.

Down below is the screenshots of the conversation discussing the sexual assault

There is also other documented screenshots of Hunter Montez making unwanted sexual advances to other girls who have previously denied him or have shown no interest, He also has a pattern of flirting with any girl he can. given this pattern of behavior, the allegations involving the 13 year old should warrant more consideration

Nawww Hunter Montez You are Officially Cut Off

Screenshots of conversations between Hunter Montez and a 13-year-old girl circulated among students at his school, detailing inappropriate interactions in which the minor expressed discomfort with Hunter's behavior are shown above. These messages allegedly included unwanted physical contact and persistent requests for sexual acts.

The situation gained further attention when an Instagram post discussing the incident received a public reply from another individual who came forward with their own account of being harassed and bullied by Hunter. This corroborating testimony adds credibility to the existing allegations and suggests a pattern of misconduct.

Given the severity of these claims, particularly involving a minor, and the emergence of multiple accusers, these matters warrant serious consideration and further investigation.

Section 7: Sadbeetz Incident (2023)

This victim has chosen to remain anonymous, They posted on instagram about Hunter Montez being arrested for assault, Hunter Montez then replied “I didn’t who said that dumbass” They posted again quoting “nevermind his ass is still on the streets” and Hunter Montez replied saying “muahaha” After that reply the victim asked “who are you gonna assault next?” And Hunter Montez’s last reply said “U watch out” The victim perceives that as a threat and then goes to report the encounter and texts to the school.

All screenshots are down below.

Also additional proof shows that the sad beetz account is Gerberttheegg.
In Gerberts recent TikTok's he had said sad beetz isn't him, then he says he owned that account at one point, gerbert is lying to back himself up in his "debunking" videos. And as expected, Hunter Montez claims all screenshots other than him apologizing for sexual assault on that account are fake.

Tell in your own words what happened. I heard a rumor Hunter got arrested. I posted about it, he slid up denying it. I then posted a joke about how he's still free. This was in reference to when he assaulted multiple of my friends freshman year with no repercussions. He then slid up on that post saying "Mahaha". To show his lack of remorse for his previous actions. I then replied "who u gonna assault this time", to which he replied "you, watch out". This was his way of threatning to assault me. As a [redacted] this makes me extremely uncomfortable. As well as the fact that Hunter has a past with non-consentual sexual altercations, I am not handling this lightly. I had a no contact contract in place with him, that did nothing. He has even slid up on a story of mine implying he would ejaculate to the photo

(ABOVE IS A REPORT FROM THE VICTIM TO THE SCHOOL ADMINISTRATION)

Section 8: 2024 LIB HIGHSCHOOL

Following his expulsion from his previous school, Hunter Montez enrolled at Liberty High School (referred to herein as "Lib"). There, he formed friendships with several classmates, including an individual referred to as "N," with whom he became particularly close.

Hunter was subsequently suspended for one year due to an incident involving non-consensual physical contact with a male classmate, specifically, touching the classmate's genitals without permission.

Several months later, in August (shortly before his 17th birthday), Hunter messaged N via Instagram, disclosing that he had arranged to meet and engage in sexual activity with a 14-year-old he had encountered on the online platform *Roblox*. At the time, N did not have access to a phone and was using an Xbox to communicate via Instagram.

Upon receiving these messages, N copied the conversation and shared it with a friend, along with a statement expressing his intent to sever ties with Hunter. To corroborate their association, attached below are screen recordings of the conversation as well as photographs of N and Hunter together during past interactions.

VID_20250822_183556_323.mp4

Comment: I watched gerberts response video. So this is my response to his video. (This isn't related to the doc i just felt the need to say it.) Gerbert says that you can take screen recordings on xbox, while that is true, N did not know of this. Which is the reason why he didn't screen record.

What would N gain from this for telling his friend what hunter did? especially since this was a year before the gerbert allegations came up.

Section 9: sarah (2025)

Sarah first came across Gerbert (also known as Hunter) on TikTok. According to Sarah herself, she initially interacted with him by “making fun of him in his comment section,” after which he suddenly developed a crush on her. At this time, Gerbert was not as widely known as he is today, with an estimated following of around 10,000–30,000.

They eventually exchanged Discord accounts and began talking privately. Over time, their conversations grew more personal, and Gerbert shared a significant amount of information about himself and his life.

In July, Sarah posted a slideshow containing her messages with Gerbert. These screenshots show him using racist and anti-Semitic language while using the alias “terrytickles.”

Sarah also made several claims about Gerbert, though she did not provide direct evidence for them and they should be taken with caution:

- She claimed he received a police letter related to child exploitation material.

- She claimed Gerbert is a “shotacon.”

- She claimed he used racial slurs during calls.

- She claimed he described biting a girl’s chest, after which the girl accused him of sexual assault. (Sarah identified this girl as 13

years old—something she likely would not have known unless Gerbert himself told her.)

- She claimed he was part of the alt-right community.

While some of these points remain unverified, there is public evidence that partially supports her statements. For example, Gerbert himself posted videos related to “Vril,” a term associated with alt-right ideology. Most of these videos have since been deleted, but at least one has been saved.

vril

Sarah also claimed that Gerbert’s real name was not actually “Gerbert,” but that he refused to tell her his true identity. This claim is notable because it came *before* Gerbert eventually admitted that his real name is Hunter, which lends further credibility to her account.

In addition, Sarah provided both a screen recording and a screenshot that strongly tied the “terrytickles” account to Gerbert. One screenshot shows him talking about his TikTok account, and another shows him sending Sarah a long paragraph, ending with “-Gerbert.” His writing style in these messages was strikingly similar to the way he texted Cam. To confirm authenticity, Sarah also shared a screen recording, which included her searching his name and a friend of hers discussing Gerbert.

Despite this evidence, Gerbert denied the allegations, claiming the screenshots and recordings were fabricated. He further dismissed Sarah by pointing to her mental health and suggesting she only wanted his attention. However, the level of detail in the recordings makes this explanation unlikely, as Sarah would not have needed to

search his name or include outside references if the evidence were fake.

- **Copy of !screen recording proving messages are real**
- **Copy of z sarah saying her age**

full screen recording of gerberts dms with a girl .mov

This video also includes Gerbert stating that he is 18 years old. Notably, when the direct messages are opened, if paused at the beginning of the conversation, his full TikTok username is clearly visible at the top. This detail confirms that the messages are indeed associated with his account.

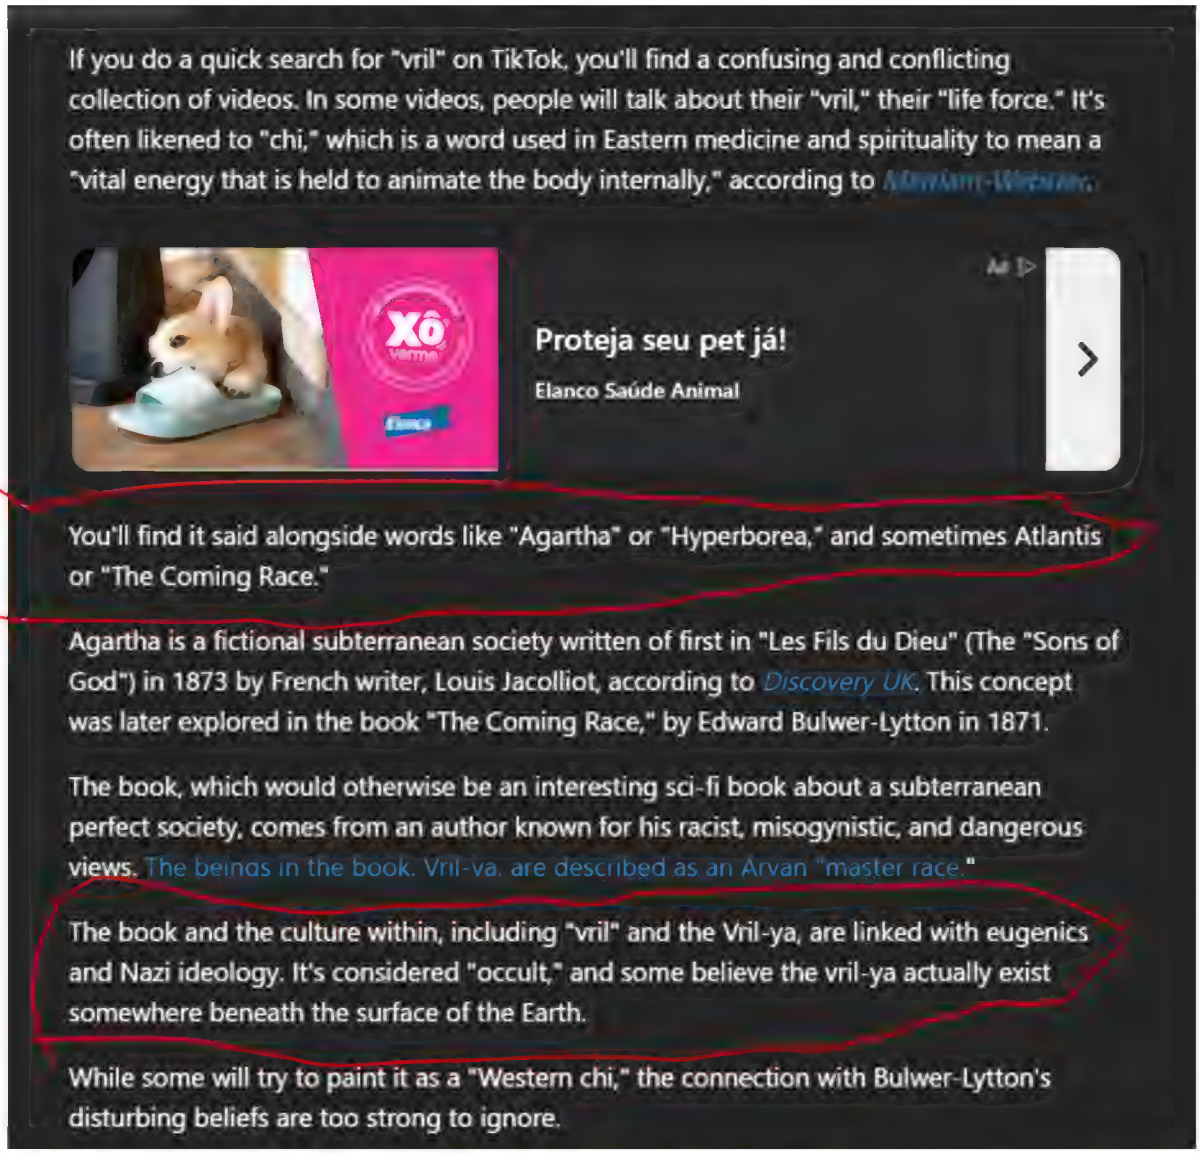
And this video shows Gerbert using the “Vril” Alt-right racist term, evidence that it is a racist term below



If you do a quick search for "vril" on TikTok, you'll find a confusing and conflicting collection of videos. In some videos, people will talk about their "vril," their "life force." It's often likened to "chi," which is a word used in Eastern medicine and spirituality to mean a "vital energy that is held to animate the body internally," according to
Proteja seu pet já!
Elanco Saúde Animal
You'll find it said alongside words like "Agartha" or "Hyperborea," and sometimes Atlantis or "The Coming Race."
Agartha is a fictional subterranean society written of first in "Les Fils du Dieu" (The "Sons of God") in 1873 by French writer, Louis Jacolliot, according to Discovery UK. This concept was later explored in the book "The Coming Race," by Edward Bulwer-Lytton in 1871.
The book, which would otherwise be an interesting sci-fi book about a subterranean perfect society, comes from an author known for his racist, misogynistic, and dangerous views. The beings in the book, Vril-ya, are described as an Aryan "master race."
The book and the culture within, including "vril" and the Vril-ya, are linked with eugenics and Nazi ideology. It's considered "occult," and some believe the vril-ya actually exist somewhere beneath the surface of the Earth.
While some will try to paint it as a "Western chi," the connection with Bulwer-Lytton's disturbing beliefs are too strong to ignore.

Section 10 : Cheating (2022-2023)
Screenshots document Gerbert threatening Aaron, a fellow student, after Aaron revealed to Gerbert's girlfriend that he was using a dating app. This disclosure indicated that Gerbert was being unfaithful in the relationship. (Which was confirmed by Gerbert himself in a video)

Section 11: 2025, 22 year old cosplayer.
Back in July Gerbert was texting a cosplayer who was 22 years old, they had become friends and once she asked how old Gerbert was he said he was 18 , which was a lie since Gerbert was a minor. After the cosplayer found out that he was a minor she had blocked him. in the messages, Gerbert had flirted with her and said and I quote “give me a chance” and also said he wanted to fly out to see her, if that friendship turned into a relationship she could’ve been in real legal trouble because of

him lying about his age to her, the messages Gerbert sent highly imply he wanted to hook up with her. Especially considering the things he said listed above.

Gerbert has admitted this incident has happened, but denies he had any intention to flirt or hook up. But the messages Gerbert sent say very differently.

Down below, there will be screen recordings of the cosplayer and Gerbert's messages. There will also be a video of Gerbert admitting that it was him in those messages.

Section 13: the threat

Hunter Montez claimed that he was falsely reported for making a threat, stating that he stayed home because he had knowledge of a supposed “threat” beforehand. However, this statement is another falsehood. In the screenshots provided below, Gerbert explicitly posted that he intended to “shoot up the school and kill everyone.” His stated reasoning for this was simply to secure a day off from school. Screenshots from the group chat further corroborate this.

Additionally, Hunter Montez encouraged others to repost Gerbert’s message so it would gain visibility and be reported. In his post, Gerbert directly stated: *“I’m fr coming with a mag and emptying the whole thing on y’all mfs.”*

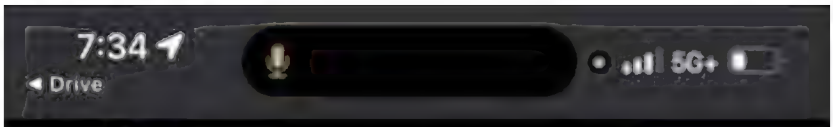
Section 14: New Evidence

One of Hunter Montez's old friends
(whom we will name JP) came forward and provided us with things he has done including messages and timelines.
In this screenshot of the timeline, you will see how Hunter had an instance of whipping his friends girlfriend with a towel on her behind at a pool party. His friend group at the time thought it was weird but they shrugged it off, though, they kept a closer eye on him.
A few months later, more controversy appeared and people kept going up to JP questioning him on why he was still friends with a creepy guy like Hunter.
The allegations got so bad



Disclaimer

While the order of events are fact checked by others who were involved with the "hunter montez situation" the exact dates are a but hazy. However school years and summer vacations times are fact checked by others

Part 1: Montez Introduction

It was the 2022-2023 school year at Silverado high school. There was about 20 of us in our friend group accumulated in the 2021-2022 school year. About 5 others in the group were friends with a quiet kid named Hunter Montez. This made him slowly phase into our friend group and after being exposed to us, he got less quiet and actually a cool guy to hang out with. There was a very small amount of controversy around him but it was only from about 2 girls and they had no proof so we did not think of it. He also said to me that he liked my girlfriend but then suppressed it after he learned we were together.

Part 2: The Glory Days

After multiple out of school hang outs and even a superbowl party everyone became close friends with Hunter in our group during the summer of 2023. Him and I would consistently go to planet fitness due to it being free during the summer and even had our inside jokes like "Da Red Carrr". This was the peak of Hunter Montez in everyone's opinion within the friend group.

Part 3: the Hints

In the middle of summer I held my birthday pool party. Everything was going well until I saw Hunter chasing my girlfriend around whipping her with a towel, specifically on her behind. I yelled at Hunter and he got defensive but then apologised. We tried to move on but that's when the group started to watch him closely.

Part 4: The Downfall

Almost immediately into the 2023-2024 Hunter Montez had an extreme amount of controversy. You could not be seen with him without someone saying something to you later like "why are you friends with him" or "don't you know what he did to XYZ?". It soon got annoying to the entire friend group and we started asking him why there

Part 6: The incarceration
In the third quarter of 2023-2024 the public attention got worse and Hunter was panicking. To get people to stop talking about him he devised a plan to make people talk about other things. Hunter messaged the group chat and stated he wanted to make a fake shooting threat and bomb threat to Silverado high school. Everyone in the group chat immediately told him not to, however he continued with that plan. He then made a post on his instagram story and made it look like it was forwarded from another to spread the word of the threats. For the first 3 hours it worked. Into the 4th hour I made a discord account named "Burner account" and took screenshots of him planning the threats and blurred out the names of the other friends to respect their privacy but still left messages of them saying that it was a bad idea. I posted the photos in the silverado high school student made anarchy server and the only one who knew who I was, was at the time. Not even the others in the friend group knew it was me.The next day I then took the evidence to the school police anonymously. After school Hunter then scammed the group chat saying "SOMEONE SNITCHED, POLICE ARE AT MY HOUSE!". That was the last the school saw hunter.
Part 7: The Comeback
Sometime in the second quarter of the 2024-2025 school year Hunter tried to message people at Silverado to get back into the social groups there. Immediately people started exposing his new account and blocked Hunter.
Part 8: Gurbert The egg
In third quarter of the 2024-2025 school year Hunter started posting random videos on tiktok under the name "Gurbert The Egg". The friend group found out but we decided to ignore it as it seemed like he was just trying to move on with life. I can not account for others in the school reacting to seeing his new account. In late July of 2025 Hunter made 3 videos explaining what happened however this sparked outrage among his community of over 500,000 followers. About 2 hours after the post his community got divided on the main question, did he do it? Or did one not do it?

I will show proof that they knew eachother down below

Proof they know eachother

Here is also a screenshot of his friend talking to him about the sexual assault allegations.

hey did you say a fucking 7th grader? I just saw all the proof lol kinda 💀💀💀
bro
I was tryna explain this to u last night
1. I met her on wizz her profile said she was 14
2. she claimed sa after I kicked her out for trying to force me to vape
3. I didn't know how to handle the situation so I ended up apologizing for somthing I didn't do
you admitted to it in the SS what are you on 😭 kinda sketch bro
broo that's cuz I didn't know what to say

And now at the bottom I will provide evidence that Hunter Montez also known as Gerbert is “Oddball” it correlates with the picture up above, he is oddball. The picture that was sent on general was taking a photo from a devices screen. So this could not have been fabricated

Section 15 : Sarah never lied

Sarah the individual in Gerberts video saying she lied about it all has come forward and provided us with more proof straight from his instagram account.

Down below will show the screen recordings.

Sarah and gerbert messages

Gerbert had texted Sarah asking her to delete her discord account and offered her $200 to do so, that discord account has the messages between him and terrywinkles and he also asks her to not call him that.

Gerbert also wanted her to lie and say she was 16 and she did, but she just turned 15 recently.

Please remember the screenshots will be blurry if you aren't on the app.

Gerbert continues to only admit to things when there's concrete proof, he will deny everything then magically say "oh that's me"

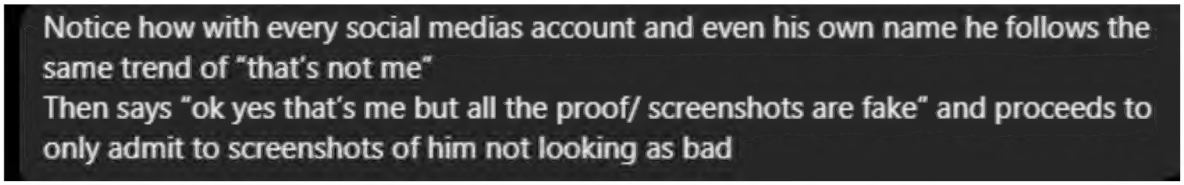
He already lied about the sad beetz account not being his and now he's saying it is him.

Don't listen to this liar.

Section 16: vril bert

[Great noticing]
[The sun will never set]
[Vrilbert]

PS : responses to the recent gerbert video where he "debunks" the allegations will be put below.



Notice how with every social medias account and even his own name he follows the same trend of "that's not me"
Then says "ok yes that's me but all the proof/ screenshots are fake" and proceeds to only admit to screenshots of him not looking as bad

EXAMPLE :

yo bro, do not block me. if sad beetz isnt you then why arent you not providing proof yourself? they have concrete proof that it is you dude. i supported you bro.
